## FINEST FURNITURE CONFECTIONARY FROM LEIPZIG

The Candy Company is a furniture manufacturer for individual sugarsweet products - handmade in Leipzig.

The colorful world of sweets served as inspiration for the Candy Collection. The designs are inspired by childish enthusiasm and nostalgia for sweets and are based on candy canes and pearls, liquorice, sweets and other delicacies.

The furnitures are art object that explore the boundaries between design and art, food and objects imaginatively. The adherence to quality standards guarantees a long-lasting, aesthetically tasty piece of furniture - for an individual furnishing that appeals to your senses.

HOME,  
SWEET HOME

## THE MAKER

The unique sweets are designed and manufactured by the Leipzig based designstudio etage8. The office is located in the creative location of an old wallpaper factory in the Leipzig West, not far from the old cotton spinning mill, the meeting place for the international arts and cultural scene. With the Candy Collection, they produce lovingly crafted unique pieces in sophisticated handwork, characterized by the euphoria for sweets. The artistic freedom and joy of the Candy Collection offers the perfect contrast to the design agency's service business.

Become infected by this enthusiasm and create yourself a home with a sugar-sweet ambience!

LIQUORICE STOOL - SWEET WOOD FOR SEATING

## LIQUORICE STOOL

275,00€

The perfect seat for all licorice fans. The liquorice stool consists of black-glazed and oiled beech wood. Its comfortable seat surface made of soft moss rubber reminds in its aesthetics of the liquorice snail which can be rolled out. The long string is a real eyecatcher in the room, invites you to play, but can be shortened if desired.

H 460mm ø 350mm

MATERIAL: BEECHWOOD, MOSS RUBBER CORD

## SUGARPEARL STOOL

287,00€

Sprinkle glaze to touch! The sugar bead stool is made of solid oiled beechwood. Its seat is made up of hundreds of colored plastic beads that are applied in the finest handwork. An art object to possess, which gives the impression as if it had been dipped into a pot of colorful delicious sprinkles - handmade with love and guaranteed sugar free!

SUGARCHAIN LIGHT - ROOMCANDY

## SUGARCHAIN LIGHT

389,00€

Childhood memories become awake! The sugar chain on the rubber band was the first jewelry you could wear and eat as a child. The typical pastel tones of that time can also be found in the threaded and lacquered wooden beads of our sugar chain luminaire. The white, plain screen was covered with turquoise fabric from the inside. Formed to a knot the luminaire is an absolute highlight on the ceiling.

# GOLDEN TICKET LIGHT

389,00€

Willy Wonka would be enchanted by our Golden Ticket light! Between natural oiled beads made of beech wood, a golden pearl glitters perfectly, framed by colored pastel tones. The white, plain screen was covered with turquoise fabric from the inside. Natural-looking Scandinavian flair with lots of love for detail and knot shaped, just delicious to look at!

## SWEETWOOD MANUFACTORY

The team of etage8 manufactures the wooden pieces of sugar in their own little furniture confectionery and workshop exclusively from massive beech wood. The high-quality hardwood is obtained by an oiling and gets a tough durable surface. All production steps, from design to production and packaging, are carried out in the manufactory, so that individual wishes for coloring can also be implemented.

### Handmade unique items for candy lovers

The sugar beads as well as the liquorice screw are applied to the seats of our stools in elaborate handwork. They become unique pieces with a personal touch. The candy cane hooks are also individually painted and varnished by us. For a constantly sweet look of our hooks, they get a robust seal with clear lacquer. The pearls of our lamps can be combined according to your taste, no luminaire is in their composition like the other

Sweeten your environment with the imaginative and high quality furniture of the Candy Company - for a home so delicious you would like to bite in!
